

Ransome Note!

You dropped your kids off with us and we won't return them unless you tell us how much fun you had while they were here. Can you please give us a brief testimonial of what you did and how much fun you had.

The second half of the ransome note is your child's opinion:

Did they have fun, or didn't they? What did they like about it, would they come back? Please let us know we constantly want to improve.
